ChatGPT, chatgpt.com	Manual social media content analysis with removed stop words: how to quantitatively cluster the topics? With references to the methods https://chatgpt.com/share/67e2cae8-2e8c-8007-9d68-c58ec505dc94	25.03.2025
ChatGPT, chatgpt.com	context for this chat: i am building a python webscraper to automatically download articles from a web page. I am using python3 on a mac with the packages requests, beautifulsoup4 and seleniumbase installed. You are to here to support me in programming the file and to help me with any issues. https://chatgpt.com/c/67f8e4ba-30f4-8007-bb5f-9c9ec28c9750	Initialisiert 11.04.2025
ChatGPT, chatgpt.com	Context for this chat: I have a json dataset which I want to analyse with R in VSCode using the tidyverse package, which contains ggplot2 for data visualisation. The dataset file (~/.analysis/dataset.json) is stored in the same folder as the r file which is used to execute the analysis. Never change values, only value formats when directly told so. Highlight the diff for each adjustment in any of the files. Document functions. https://chatgpt.com/share/681de9bc-27f8-8007-b147-6f995028c468	Initialisiert 05.05.2025
R in Visual Studio Code	Statistische Auswertung des Datensatzes
